

**IT'S IN OUR  
POWER TO  
CHANGE**

**Toll Free: 866.869.8600**  
**[www.DisabilityNetwork.org](http://www.DisabilityNetwork.org)**

**It's our mission to promote personal empowerment and positive social change for people with disabilities.**

### **CHANGING LIVES**

We work with families and individuals with any type of disability, including those with hidden disabilities, such as learning disabilities. We help children, veterans, aging parents, and those who recently acquired a disability due to an accident.

### **CHANGING PERCEPTIONS**

Disability is a natural part of life and can occur at any age and at any moment. Many of the difficulties faced by people with disabilities are a result of attitudes and environments, not the disability.

### **CHANGING COMMUNITIES**

We're here to support the community, as well as the individual, and think that everyone should have the opportunity to participate, contribute, and belong to our community. We believe that disabilities positively affect and enhance the diversity of our community.

To learn more about us, volunteer, or make a donation please contact us.
